PROFESSIONAL SUMMARY

Computer Science Engineering student with hands-on experience in AI, software development, web technologies, and collaborative project development. Skilled in Python, Java, JavaScript, Git, and modern development tools, with a strong interest in Generative AI, cybersecurity, and intelligent systems. Passionate about building innovative solutions, learning emerging technologies, and contributing to impactful real-world projects.

EXPERIENCE & LEADERSHIP

TECHNICAL PROJECTS & ACTIVITIES2024 – Present

- Participated in hackathons, ideathons, and collaborative academic projects focused on solving real-world challenges through technology.
- Contributed to project development, research, testing, and presentations while working effectively in team environments.
- Demonstrated strong problem-solving, adaptability, communication, and technical collaboration skills across multiple project initiatives.

PROJECTS

MEDISAGE: AI-POWERED HEALTHCARE DIAGNOSIS AND MONITORING SYSTEM2025

- AI-based platform for disease prediction, patient monitoring, and healthcare analytics.

AI-BASED ENDANGERED SPECIES IDENTIFICATION USING AUDIO ANALYSIS2025

- AI system that identifies endangered species through audio signal and sound pattern analysis.

SMART COMPLAINT MANAGEMENT SYSTEM FOR EDUCATIONAL INSTITUTIONS2026

- Digital platform for efficient complaint registration, tracking, and resolution within educational institutions.

SMART CALCULATOR2026

- Intelligent calculator integrating voice commands, trading calculations, GST utilities, and advanced productivity-focused features.

SKILLS:

Languages: Python, C, C++, Java
AI/ML: Machine Learning, Deep Learning, Computer Vision, NLP
AI Engineering: Prompt Engineering, Generative AI
Web & Backend: HTML, CSS, JavaScript, React, REST APIs
Mobile Development: Flutter
DevOps & Deployment: Docker, CI/CD
Databases: MySQL, MongoDB
Tools & Platforms: Git, GitHub, Linux, Jupyter, Google Colab, AWS (Basics)

CERTIFICATIONS

- Career Essentials in Generative AI – Microsoft & LinkedIn Learning
- Career Essentials in GitHub Professional Certificate – GitHub & LinkedIn Learning
- Introduction to Artificial Intelligence – LinkedIn Learning
- What Is Generative AI? – LinkedIn Learning
- Practical GitHub Actions – LinkedIn Learning
- Practical GitHub Project Management and Collaboration – LinkedIn Learning
- Flutter: Part 01 Introduction – LinkedIn Learning

ACHIEVEMENTS & ACTIVITIES

- Participated in Hackathons and Ideathons focused on AI and software innovation.
- Completed Career Essentials in Generative AI and GitHub Professional Certification programs.
- Developed multiple AI and software-based academic projects in collaborative teams.
- Maintained an active GitHub portfolio showcasing technical projects.

EDUCATION

MVJ College of Engineering2023 – 2027

Bachelor of Engineering in Computer Science and Engineering
